What is our current Current ICP

### Our ICP (Ideal Customer Profile)

**Geography:** Primarily United States & United Arab Emirates. Secondary: Saudi Arabia, Australia, Western Europe.  
**Budget / Spend:** Clients who've spent \$20k+ on Upwork, ideally \$50k+.  
**Hiring Behavior:** Hiring rate ~50% (meaning they don't just post, they hire).  
**Job Volume:** 10+ jobs posted historically (ideally 20+).  
**Pay Rates:** Typically \$20-40/hr or higher for expert-level roles.  
**Use Case:** Business growth, sales consulting, fractional leadership (pattern from your deals).

This ICP definition tells you where to focus scraping, outreach, and proposal energy:

Filter for clients in USA/UAE,  
With \$20k+ spent,  
Who've posted >10 jobs,  
With 50%+ hiring rate.

That combo is where you're already winning.
